

ARG23594
anti-Morphine antibodyPackage: 250 µl
Store at: -20°C

Summary

Product Description	Sheep Polyclonal antibody recognizes Morphine. This product is specific for morphine and exhibits negligible cross-reactivity with codeine.
Tested Reactivity	Other
Tested Application	EM, IA, ICC/IF, IHC-P
Host	Sheep
Clonality	Polyclonal
Isotype	IgG
Target Name	Morphine
Species	Others
Immunogen	KLH-conjugated N-Carboxybutylnormorphine.
Conjugation	Un-conjugated

Application Instructions

Application table	Application	Dilution
	EM	Assay-dependent
	IA	Assay-dependent
	ICC/IF	Assay-dependent
	IHC-P	Assay-dependent
Application Note	* The dilutions indicate recommended starting dilutions and the optimal dilutions or concentrations should be determined by the scientist.	

Properties

Form	Liquid
Purification	Serum
Buffer	Serum and 0.09% Sodium azide.
Preservative	0.09% Sodium azide
Storage instruction	For continuous use, store undiluted antibody at 2-8°C for up to a week. For long-term storage, aliquot and store at -20°C or below. Storage in frost free freezers is not recommended. Avoid repeated freeze/thaw cycles. Suggest spin the vial prior to opening. The antibody solution should be gently mixed before use.
Note	For laboratory research only, not for drug, diagnostic or other use.
