

## ARG67098 anti-Netrin 1 Antibody

Package: 100 µl  
Store at: -20°C

### Summary

|                     |  |
|---------------------|--|
| Product Description | Rabbit polyclonal recognizes Netrin 1              |
| Tested Reactivity   | Hu, Ms, Rat, Mk                                    |
| Tested Application  | IHC-P, WB  |
| Host                | Rabbit   |
| Clonality           | Polyclonal   |
| Isotype             | IgG  |
| Target Name         | Netrin 1   |
| Species             | Human  |
| Immunogen           | Synthetic peptide                                  |
| Conjugation         | Un-conjugated                                      |
| Alternate Names     | Epididymis tissue protein Li 131P; Netrin-1; NTN1L |

### Application Instructions

| Application table | Application  | Dilution           |
|-------------------|--|--------------------|
|                   | IHC-P  | 1 : 100 - 1 : 200  |
|                   | WB   | 1 : 500 - 1 : 1000 |
| Application Note  | * The dilutions indicate recommended starting dilutions and the optimal dilutions or concentrations should be determined by the scientist. |                    |

### Properties

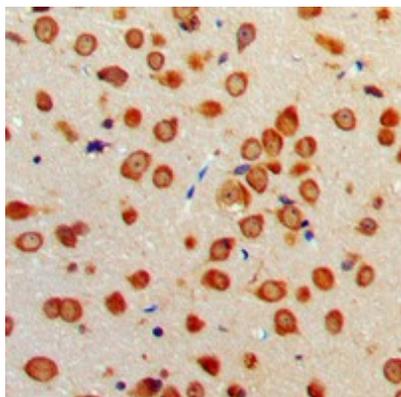

|                     |  |
|---------------------|--|
| Form                | Liquid   |
| Purification        | Affinity purification with immunogen.  |
| Buffer              | 0.42% Potassium phosphate (pH 7.3), 0.87% NaCl, 0.01% Sodium azide and 30% Glycerol.   |
| Preservative        | 0.01% Sodium azide   |
| Stabilizer          | 30% Glycerol   |
| Storage instruction | For continuous use, store undiluted antibody at 2-8°C for up to a week. For long-term storage, aliquot and store at -20°C or below. Storage in frost free freezers is not recommended. Avoid repeated freeze/thaw cycles. Suggest spin the vial prior to opening. The antibody solution should be gently mixed before use. |
| Note                | For laboratory research only, not for drug, diagnostic or other use.   |

### Bioinformation

|               |  |
|---------------|--|
| Background    | Netrin is included in a family of laminin-related secreted proteins. The function of this gene has not yet been defined; however, netrin is thought to be involved in axon guidance and cell migration during development. Mutations and loss of expression of netrin suggest that variation in netrin may be involved in cancer development. [provided by RefSeq, Jul 2008] |
| Research Area | Neuroscience antibody; Signaling Transduction antibody   |
| Calculated Mw | 68 kDa   |
